

Setting up a UKGPL Season in SROU

First we need to prepare the Registration helper.

The previous season's registrations need to be cleaned out.

A screenshot of the SimRacing.org.uk website. The main header features the site's logo 'SimRacing.org.uk' in large blue letters, with the tagline 'The Spirit of British SimRacing' below it. A red arrow points from the text above to the 'ADMIN' link in the top navigation bar. The navigation bar also includes links for 'START HERE', 'HOME', 'HELP', 'SEARCH', 'PROFILE', 'MY MESSAGES', 'CALENDAR', 'MEMBERS', and 'LOGOUT'. Below the navigation bar, a banner for 'SROU' is displayed, containing links for 'Start Here!', 'Announcements', and 'Child Boards'. The 'Start Here!' section includes a link to 'FAQs, rules, and other league information'.

If you have admin rights then you will be able to use your normal SROU password to access the admin area:

A screenshot of the SimRacing.org.uk website showing the login page. The URL in the browser address bar is <https://www.simracing.org.uk/smf/index.php?action=admin>. The page header includes the site's logo and tagline. The navigation bar at the top includes the 'ADMIN' link, which is highlighted with a red arrow from the text above. Below the navigation bar, there is a login form with fields for 'Login', 'Password' (with a masked value), and a 'Login' button. At the bottom of the page, there is footer text indicating the site is hosted by DaveGymer.com, powered by SMF 1.1.21, and created in 0.159 seconds with 31 queries.

Go to the membergroups area:

The screenshot shows the left sidebar of the SMF Admin interface. The sidebar has several sections: Main, Configuration, Forum, and Members. Under the Members section, there is a link labeled "Membergroups" which is highlighted with a red arrow pointing towards it.

The previous season's membergroups are now defunct, so we might as well reuse them.

Find an old membergroup:

We should now have an empty membergroup:

The screenshot shows a table with columns: Name, Email, Last Active, Date Registered, Posts, and a checkbox. A message at the top says "This group is currently empty". Below the table is a button labeled "Remove from Group!".

Add a member to this group

List of Members to Add: []

Click on the Edit Membergroup tab to return to the membergroup list:

The screenshot shows the "Manage Membergroups" page. The "EDIT MEMBERGROUPS" tab is highlighted with a red arrow pointing to it. The main content area shows a table with columns: Name, Email, Last Active, Date Registered, and a checkbox. A message at the bottom says "This group is currently empty".

Do that for all groups.

In this case we have reused all the groups from the previous season, but we need 4 more so we will have to add some new ones:

The screenshot shows a table with two columns: Name and Action. The names listed are 4, 2, 1, 4, 6, 3, 5, 3, and 3. To the right of each name is a "Modify" link. At the bottom of the table is a button labeled "Add group" with a red arrow pointing to it.

Add the new groups. These groups manage the yellow cards so don't need separate groups for Works and Privateers etc. For example we can use one group for all the 67F1 series. We set the yellow cards to expire after 6 months on UKGPL. Click Update to commit to the database:

This is where the points scheme is defined along with the number of rounds that count and the championship tables:

It is probably the most complicated bit. **Don't change anything from previous seasons as that will change the historical data.**

The scoring schemes need to match up with the description in the Championship page declared in the Series Details topic.

First select the Event Group from the drop down list (in this case S3855GP) and then populate the details.

For example:

So far we have created the championships and one set of championship tables for the 55GP series.

The screenshot shows the UKGPL website with the following details:

- Seasons:** Season 2 (2000), Season 1 (1999), Season 38 (Spring 2021).
- Championships:** 1955 Grand Prix, 1965 F1, 1967 F1 Grand Prix, F1 Sprint (Privateers), 1967 F1 Sprint (Works), 1967 Sports Cars, Mixed Open Wheel, UKGTR, UKPng, iRacing, Race 07, UKrF.
- Note:** The chassis a driver uses in qualifying are disregarded when determining his token spend. Note: This is to cater for the instances when a driver either does not start or inadvertently joins with the wrong chassis and subsequently rejoins the server in another. Any tokens not spent at the end of the season are ignored and are not used to determine championship positions in the event of a tie.
- Moderator:** Phil Thornton
- Overview:** The Pro damage model will be used, Race Length: 50 minutes. Drivers must complete 50% race distance to score. There is no red zone for this championship. Drivers are reminded that Lap 1 incidents do carry an extra 1 place penalty. Only reported incidents will be moderated.
- Release:** The 1.3 Release of the 67mod can be used. The 60fps patch (60fpsV2NewMod) must be used.
- Statistics:** Drivers and Standings, Top 25 drivers by participation.
- Drivers and Standings:** A table showing the top 25 drivers by participation.

Now need to create a Registration Thread.

Go to the Announcements Board (SimRacing.org.uk > UKGPL > UKGPL Announcements) and create a new Poll:

The screenshot shows the UKGPL Announcements Board with the following details:

- Last post:** by Phil Thornton in Re: UKGPL Teams sub-forum... on July 09, 2019, 11:59:20 PM +0100
- Poll Options:** Replies: 251, Views: 41166, Last post: November 26, 2020, 11:43:19 PM +0000 by Phil Thornton.
- Other Posts:** 1 reply, 2715 views, Last post: November 30, 2017, 08:44:27 PM +0000 by EvilClive.
- Bottom Post:** 30 replies, 640 views, Last post: December 17, 2020, 06:17:32 PM +0000 by dave curtis.

Create the poll, allow user to change the vote. Add the narrative (adapt the text from previous seasons)

The screenshot shows the 'Post new poll' form with the following details:

Now the rounds appear on the Home page:

The screenshot shows the homepage of SimRacing.org.uk. On the left, there's a sidebar with links like 'Season 1 (1999)', 'Season 38 (Spring 2021)', '1955 Grand Prix', etc. The main content area has sections for 'Note' (regarding chassis), 'Moderator: Phil Thornton', 'Overview' (with race length and damage model), and 'Drivers and Standings' (with a table for Open - Drivers Championship). Below these are 'Registration' and 'Drivers and Standings' sections. At the bottom, it says 'Hosted by DaveGymer.com' and 'Powered by SMF 1.1.21 | SMF © 2015, Simple Machines'. There are also some social media icons.

Processing the registrations:

The screenshot shows a browser window titled 'LM2i' with the URL 'https://www.simracing.org.uk/lm2/index.php?action=reghelp#1272#1272'. The page displays a registration form for 'Group 62 (UKGPL S3855 Full Time): 2 members'. It lists two members: 'Phil Thornton' and 'Clive Loynes', both associated with '7.350 Antipasti Racing'. Both members have 'Expect to enter at least 75% of races' and are listed under 'UKGPL S3855 Full Time'. There are buttons for 'Logout LM2 SimRacing.org.uk' and other navigation links.

Now the registered drivers appear on the championship page:

The screenshot shows the homepage again, but now the 'Drivers and Standings' section includes the registered drivers from the previous screenshot. The table shows 'Open - Drivers Championship' with 'Clive Loynes (FT)' and 'Phil Thornton (FT)' listed. The rest of the page content is identical to the first screenshot.

Now just need to do the same for all the championships.

Final job is to update the UKGPL home Page. This is a manual edit of the about.php file and then ftp it onto SRou.org

Make a backup of the previous Season's homepage just in case it is needed (i.e. saved as aboutS37.php)
